Work Experience

Elm House Creative

WEB DESIGNER

JUL 2015 - PRESENT

- Website design and visualisation using Sketch and the Adobe Creative Suite including Photoshop, Illustrator and XD.
- Communicating directly with clients via phone calls, video conference calls and also face to face meetings. This would involve solving issues that the clients presented such as projects currently under development and also technical issues like errors and past projects.
- Working as part of a small team to ensure the best end product is produced.
- Following designs and developing the product, carefully testing usability.
- Using coding languages such as HTML5, CSS (SASS) and JavaScript.
